Brookfield Middle School Summer School builds strong foundations in Reading, Writing, and Mathematics through engaging, and personalized instruction. Students learn in a dynamic environment that supports growth and confidence. Grades Pre 1st-2 participate in leveled reading groups, while grades 3-5 engage in guided novel studies. This focused approach helps students strengthen core skills and prepare for success in the next grade level.

Brookfield Middle School Summer School strengthens reading, writing, and math skills through engaging, personalized instruction. Students build advanced reading strategies by analyzing short stories and strengthening comprehension and critical thinking. Writing instruction follows a workshop model, allowing students to focus on a weekly genre while developing individual skills at their own level. Daily math lessons and personalized practice support deeper understanding and confidence for the upcoming school year.
